

IRONTON, : : : SEPT. 30, 1886.

## For Circuit Judge.

We are authorized to announce JOSEPH J. WILLIAMS, of Jefferson county, as an Independent Democratic Candidate for Judge of the Circuit Court of the 26th Judicial Circuit.

## FOR JUSTICE OF THE PEACE.

The custom of nominating township officers not being usual in county primaries, I did not submit my name as a candidate for Justice of the Peace of Arcadia Township. It has been well understood, however, that I should be a candidate at the November election for that office—all stories to the contrary notwithstanding.

Therefore, I hereby announce myself as a candidate for Justice of the Peace of Arcadia Township, in Iron county, Mo., subject to the decision of the voters at the November Election, 1886.

We are authorized to announce WM. WOOLLEN as a candidate for Constable of Arcadia Township, Iron county, Mo., subject to the decision of the voters at the November Election, 1886.

## LOCAL BREVITIES.

The Circuit Court advertisements appear this week.

BORN—To Mr. and Mrs. F. Christianer, on Saturday, September 20th, a boy.

The Iron Mountain Company received over two tons of dynamite one day last week.

Iron county has fifty-four U. S. pensioners drawing \$474 per month—\$5,288 per annum.

We direct Bro. Pigg's attention to the many new legal and other advertisements in this issue.

We have heard that Jas. Dixon made a graceful tumble upon his arrival in St. Louis last Tuesday.

We hear of a couple of weddings in the near future. One probably in the course of the next two weeks.

Henry Barnhouse, Esq., is making preparations to erect a building on the lot across the street south of the jail.

Our people who have visited the St. Louis Exposition this year are unanimous in the verdict that it is "grandest than ever."

The REGISTER job force is at work on a lawyer's brief in which the abstract of record, alone, covers 97 pages of closely written legal cap.

Capt. A. H. St. Clair gained much credit by the soldierly style in which he handled the artillery on the day of unavailing the Grant monument.

Some two hundred civil engineers in the employ of the Government are contemplating a visit to the Valley sometime during the present month.

In the wreck which occurred near De Soto last Tuesday, an account of which we published last week, there were seven car-loads of merchandise destroyed by fire.

U. S. Senator F. M. Cockrell will address the voters of Iron county, at the courthouse in this place on Saturday, October 23d. Let everybody turn out and hear him.

By special direction of the managers of the Grant memorial celebration, we return thanks to the Pilot Knob Cornet Band for the excellent music they furnished for the occasion.

J. B. Walker was called to Annapolis last Saturday to prosecute a case wherein Wm. Parmer was the defendant and Wm. Jackson the complainant. Parmer gave bond to keep the peace in the future.

DIED—At Summit, Mo., September 18th, 1886, ANNETTA, only daughter of George and Mamie Blomeyer, aged about two years.

Mr. and Mrs. Blomeyer have the sympathy of their many Ironton friends in their bereavement.

It is probable that Rev. A. Wilson will in the near future become pastor of the Presbyterian church in this place. Rev. W. had charge of the church here some fifteen years ago, but is at present residing in Dakota. He is an able divine.

F. T. Ledergerber, of St. Louis, the Republican nominee for Congress from this district, is looking after his interests in this "neck of the woods." He will speak at the courthouse to-day and at Pilot Knob to-night. "Love's labor lost!"

Rev. Ben Deering closed his work in Cape county last Saturday, and after a rest of a week or ten days will open a series of meetings at Poplar Bluff, which will probably last from three to four weeks. From Poplar Bluff he goes to Hot Springs.

Mr. Harvey P. Miller and Miss Elizabeth Bantz, were married at the residence of the bride's parents in St. Louis, on Tuesday, September 28th. Harvey is an old Ironton boy and the friends of his boyhood days will join in wishing him unbounded happiness in his marriage venture.

Benjamin F. Jones, of Mine La Motte, is deep in trouble. He came there about a year ago, and in August married a woman named Clementina Jones. Last week another woman came from Illinois to claim him as her husband. The officers took charge of Mr. Jones, and he is now in jail at Farmington.

M. L. Freeman, a passenger conductor on the Belmont Branch, is at present rain-master on this division in the place of Clark Hall, who is seriously ill at his home in Blumark. We learn that Mr. Freeman will succeed A. H. Webb as train-master at Knobel, Ark., as soon as Mr. Hall has sufficiently recovered to resume his duties on this end.

Mr. Begley requests us to state that owing to the fractiousness of the lawyers and the certainty with which he would be brought in contact with the law, he has been elected to the office to which his party has nominated him, he has concluded to withdraw from the race as a candidate for Justice of the Peace for this township. He thanks his friends for the hearty support accorded him.

Sim. Buckman wishes to inform the public that he has purchased Mr. Hunt's outfit and is now prepared to take pictures equal to any made by the gentleman during his stay among us, or, in other words, as good as can be had anywhere. All negatives made by Mr. Hunt, are now in Mr. Buckman's possession, and he will furnish any number of photos desired therefrom at reasonable rates.

Rev. J. W. Worsnop, a young English preacher of fine talents and good address, has been appointed to succeed Rev. J. V. Mills as pastor of the Methodist church in this place. He preached at Ironton last year. He recently returned from a European bridal tour, having married an estimable lady at Ironton. He is said to be an entertaining speaker. Mr. Mills goes to New Madrid.—*Jackson Cash-Book.*

## IN MEMORY OF GRANT.

A Monument of Bronze to Mark the Date and Spot of His Promotion.

The Veterans of the Old 21st Illinois Honor the Occasion with Their Presence.

IRONTON, Mo., September 27.—The most significant event in the early history of the war for the preservation of the Union was celebrated here to-day by survivors of the 21st Regiment, Illinois Volunteers, who were the first to pitch tents here at the breaking out of the rebellion, and they were royally entertained by the people of the Arcadia Valley, many of whom lived here in 1861 and who entered heartily into the spirit of the occasion which brought the boys in blue again to their vicinity. There were not as many old soldiers as it was anticipated there would be two weeks ago, when it was intended to make the celebration of the battle of Pilot Knob a feature of the day. Various causes combined to make it necessary to omit that from the original programme, but the principal feature, that of unveiling a statue in commemoration of the time and place where Gen. Grant received his promotion from Colonel to the rank of Brigadier General was patriotically and successfully carried out. Gen. Grant was Colonel of the 21st Illinois Volunteers at the commencement of the war and camped at this place several weeks, his headquarters being in a small dwelling close to a beautiful spring of crystal water shaded by a giant white oak tree, on Col. James Lindsay's farm, on the south edge of the town. The tree has since been known as the Grant Oak, and is a grand monument to the handsome grounds and beautiful little lake in front of Col. Emerson's place in residence, which has been erected in place of the humble abode that the old commander occupied when he was authorized to take charge of the Union army.

## A MONUMENT FOR THE SPOT.

The idea of erecting a monument to commemorate the important event originated in the mind of Col. Emerson some three years ago, and has been fully perfected by him in the proceedings of the present day. His wife, Sarah D. Emerson, solemnly and irreverably dedicated the ground and statue bearing the inscription:

Erected 1886, by the SURVIVING VETERANS OF THE 21ST ILLINOIS VOL. INFANTRY, to commemorate the spot where COL. LYSSSES S. GRANT received his promotion as General, August 8, 1861, and, perceiving the value of his services, entered on his career of victory.

"Let us have peace."

The statue is that of a life-size private Union soldier standing with musket at parade rest. It is of bronze, and on a pedestal of Missouri granite, three feet square and three and one-half feet high, supported on a base of masonry to the center of a solid mound, making the total height of the monument 12 feet above the level. The deed of dedication gives to the 21st, and them alone, access to the monument forever, and is duly executed as of date of to-day. It is for this reason mainly that only members of the 21st were invited to take part in the ceremony. There are only 150 survivors of that command, and it was arranged for nearly all of them to have been present, but owing to a wreck on the Vandalia line in Indiana the train by which they were to have made connection with the Iron Mountain in St. Louis for this point was four hours late, consequently the principal number of them failed to arrive. The monument of bronze cost \$1,200.

## CANNON AND MARTIAL MUSIC.

Considering the wet day many more came, however, than the people expected, and when they alighted from the train they were greeted with a booming cannon and martial music by the Pilot Knob Brass Band. After dinner the old veterans were escorted to the Court House, where a large number of them were assembled, where Comrade A. Elliott, Sergeant of Company B, and resident member of the Illinois 21st Regiment, called the meeting to order, welcomed Capt. P. Welsheimer, of the same company, was made Chairman, and Thomas B. Miller, Secretary. A procession was then formed, and the march by citizens, to witness the unveiling of the statue. Business houses and residences on the way were handsomely, and some of them profusely, decorated with the stars and stripes, and Col. Emerson's picturesque house was beautiful with a great number of flags. By command of Capt. Welsheimer, the stars and stripes that enveloped the statue was removed, and the cannon sent forth approval of the act. Then the veterans of the 21st were drawn up in line and photographed with the monument. Following this, Rev. E. D. Williams, pastor of the regiment, delivered an oration that was well received by the assembly, and then they adjourned to hold a camp fire at night. In the evening the Academy of Music was crowded to hear what the old soldiers would have to say, and were entertained by a number of songs and reminiscences of camp life related by Capt. Welsheimer, Chaplain Wilkin, Capt. Peck and Col. Emerson. The latter belonging to the 4th Missouri Volunteer Infantry, a member of the 21st Illinois spoke enthusiastically of the pleasant time and kind treatment they enjoyed when camping with Col. Grant at Ironton.

A resolution of thanks was also tendered to the citizens of Ironton for their hearty welcome and hospitable treatment, made more emphatic by three rousing cheers from the veterans, who then retired with the audience from the hall.—*Social to G.-D.*

## Tunnel Drifts.

Tunnel No. 5 was last week driven 53 feet. Its total length over all is now 292 feet. It certainly can't go any farther before they strike rock. The earthquake scare is over, and the Knob mines are still running.

It was predicted that we were to have a cyclone on Monday. I think it must have been all bosh.

We once more have communication with the outside world. The telephone instruments were sent off for repairs something over a month ago, and have just come back and have been put in their respective places. So now they are all O. K.

Our old friend, Kidd, who was foreman at tunnel No. 5, has taken charge of his old place again. It is hard to get a man that can run the track business like him.

The shipment of ore is not lagging. The least shipment for a day's run last week was 50 tons.

The little hoister at the shaft has given some trouble to the machinist the past week, but Master Mechanic Hewitt says with careful treatment and gentle nursing it may pull through.

The buildings about the shaft will present a somewhat better appearance after being rebuilt with the corrugated iron.

Every day brings more or less applicants for work and it seems as though every one gets set to work who comes.

Mr. Ed Phillips, an old miner, but quite a young man, was promoted to foreman at tunnel No. 5, to fill the vacancy made by Mr. Kidd's being made foreman of trackmen. Our old and esteemed friend, Henry Coker, was married to Miss Lizzie Gerstenmeier, all of Pilot Knob—last Thursday. Henry, yourself and lady have the best wishes of the "Tunnel Drifter" and staff, if we weren't invited.

"Miss Lucy" visited us the other day. Come again, my dear Miss; bring your lunch and stay. I will be only too happy for you to help wield the pick and also the quill.

I suppose Mr. Gately feels some better after having a new pocket put in his stove. Old boy, it will keep you kicking to keep it filled.

Saturday turned out to be a tolerably wet day and the rain was sorely needed, for water was getting very scarce.

Henry Melun and lady and Herman Held and lady spent Saturday and Sunday in St. Louis.

The Pilot Knob mines are booming, and don't you forget it.

DIED—Sunday, September 26, 1886, Wm. CANTER, aged about 15 years, of typhoid pneumonia.

Willie was a general favorite with the employees on the hill, who had long known him as a lad of unusual promise. His parents have the sympathy of all the men, who greatly regret his untimely decease. Peace to his ashes!

## Arcadia Items.

Joel Holloman, Hogan, was in town Sunday.

Dr. Robt Baird is on a business trip to Dunklin county.

Mr. J. N. Miller has moved his family to Dexter.

Sam C. Jones made a flying trip to Bollinger county a few days ago.

Al. Hinchey, who was taken sick at De Soto last week, is here under the care of his parents.

Mrs. Allison returned last Sunday from St. Louis where she had been visiting a few days.

Mr. C. E. DeMier and family, after a short visit abroad among friends and relatives, have returned home.

George Tual has been quite sick for the past two weeks, but he is now convalescent.

Emmet Hinchey went up to the "Future Great" to take in the sights of the Exposition. Hurry back, Emmet, we all miss you at school.

Hiram Baird, Esq., is again handling groceries and "fling" the yard stick in the store of John W. Whitworth.

Madam Kumor says there is something in the wind. The only question is, will it be — or Jim who will occupy "wildwood cottage."

Mr. Selden Tual came down from St. Louis last Saturday evening. Of course, he was attracted to Ironton by something Gay.

I noticed in your last issue that some one has replied to T. C.'s criticism on Dr. M'Annally's sermon at Belgrade some time ago. "Better look a little out," T. C., we correspondents are all liable to be scalped for making some of our items too personal.

As the weather is so delightful it is a good time to tear away old fences and barns and move them from the streets. Now, before the approach of winter's chilling blast, let us all begin this work and spare no pains in slaughtering up our streets and beautifying our little city by building shade-walks and planting hundreds of shade-trees around our premises. But we must not stop with this, for there is our park yet to be surveyed and cleared up. More anon.

## UNCLE JIM AND AUNT SALLY.

## From Bellevue.

Ed. Register—Once more I spend a few moments, at least, in calling a few items for your valuable paper. I was glad to see Des Are represented, and especially by "Q." I like to read his communications very much. The scarlet fever is not so bad in the Valley as was rumored by some who are afraid of a person who even has a bad cold, especially if the person can cough a little!

Robert Miller, son of Moses Miller, is quite sick with fever at this writing.

Wood is selling in large quantities in our town, which speaks of the near approach of winter, but at this writing it is too hot for any coat on the shade. We think a little cooler weather would be enjoyed better by most of us.

The United Baptists are to have their Association on Big Brushy creek, Reynolds county, this year, and will convene on the 25th inst. The delegates from the church in this Valley will represent in that body.

Assessor Hartal gave us a call last week. Mr. Hartal is finishing up his official business. He has made us an excellent officer and we regret his departure from the field as assessor.

Mrs. Belle Lay, of Calcedonia, was here this week, two or three days, on business.

Mr. Wayne Logan, who is teaching school on Imboden fork of Black river, in this county, was home last Saturday and Sunday to see relatives and others. W. L. has been teaching five weeks and reports success.

During the recent rain storms lightning struck two trees and one stump near Mr. Hultman's, a mile from Cross Roads.

Rev. B. H. Warren will be in town to Bellevue soon. He anticipates going to West Plains. He preached his farewell sermon sometime ago. Mr. Warren has worked earnestly and has accomplished a great deal in building up churches and bringing many to a knowledge of the truth.

Mrs. Carty, accompanied with Mrs. Buford, went to Iron Mountain Tuesday. Mrs. Buford will stay with her sister, Mrs. Jamison, and other relatives, for a few weeks.

Mr. Millard Low anticipates locating on Cedar Creek, about three miles from town, in the near future.

Wm. Buford has been sick for some time, but at this writing is much better.

W. R. Middleton near here is erecting a store house on Cedar Creek. He will soon be able to supply that country with things usually kept in a country store.

Farmers report that the ground plows fine since the rain last Sunday, and most of them are very busy plowing and drilling in their wheat.

Several parties will go to Black river Saturday to attend the meeting, 8 miles from Black P. O.

We think C. had better go slow or he will get into it (at his new place), and let his communications be few and scattering.

J. C. Breckenridge is teaching school 1½ miles east of here and is meeting with good success.

Mr. Perkin, our teacher, left Friday evening for Farmington to pay a visit to relatives and will return Sunday.

Potatoes are being dug and are better than was expected, owing to shortage of rain. Some parties informed us they would have 60 or 75 bu., but if it had rained the same ground would have made over 100 bu.

A Mr. Smith, who resided near here in the old Methodist church house, left last Saturday night about midnight for parts unknown. He having got into trouble with Mr. Johnson, of Imboden Fork of Black river, concerning some corn, he attempted to shoot Johnson, so he was told by some one here, but had better migrate to Illinois, or some other seaport, and be did so.

Wm. Fabland has gone to Ottrey fork of Black river with his cane mill.

By request of the board of directors and others your correspondent will have vacation for two weeks on account of so much sick-

ness in the district. We have taught five weeks and are having success, as we have a nice, pleasant school to teach and small numbers. We anticipate a pleasant term. X.

## Erom Des Are.

Ed. Register—I will give you a few items from our town.

We are having fine rains which will help the farmers about sowing wheat; also, bring out the fall range.

Our new Methodist preacher held his first meeting here to-day. Mr. Adams is a good man and I think will suit the people. The Methodist church here will soon be completed and is an ornament to the town. It will be used by all denominations, when the Methodists are not using it. Our country out towards Brunot has built four new churches—two Methodist, one Baptist and one Christian or Campbellite.

Mr. Jas. Green has moved his mill near Brunot. C. Collins is moving his mill there, so they will have lots of lumber in that section. They will ship to Fitz's switch near Des Are.

Mr. E. Mason paid us a flying visit to-day. Mrs. Cole, daughter of R. M. Omohundro, is visiting her parents. Her husband is a merchant in Texas.

J. L. Clarkson, who had a divorce suit in the Iron county court, was married in Essex county, Va., to-day. He will try a young Virginia girl this time. "Go it while you are young, old man."

Thos. P. Fitz leaves for Arkansas Monday night, to take charge of a saw mill. He will make the saw-logs suffer.

Jerry Berryman has moved to Des Are and put up a blacksmith and wagon shop. He will also start up his saw-mill on Clark's Creek and ship from Des Are.

The quarries are moving along slow. There is some sickness in town, but are better now.

Grubman Ruble paid their men \$300 yesterday. The boys were lively for a while. Mr. Westbrook moved to Arkansas to-day. Mr. Jerry Vaughn drew his pension, \$1100, last week. He is a lucky man.

Taylor Fulton was in town this week. Our people were very much disappointed in not coming to Pilot Knob to witness the celebration. All the "country cousins" were coming in. ISAAC.

Sept. 26th, 1886.

## Black P. O.

Ed. Register—In these dull, monotonous days, material for gossip and speculation is abnormally scarce, hence this communication will be dull.

As I returned from home Sunday, via Big Brushy, I observed that there are being several new dwelling houses erected, which gives quite a nice appearance to the passer-by. Among those who are building are Boss Myers, Esq., and Mr. Alex. Alcorn, of Goodwater, who will locate on Brushy for an indefinite length of time. Mr. A. is an industrious, energetic, Christian young man, whose influence for good in that vicinity will be noticed.

Rev. Mr. Hill, assisted by Rev. Fortune, of Belgrade, is holding a series of meetings at Lesterville. Tuesday night a number from here attended and report that there were 15 mourners, while there have been 7 conversions.

Rev. Cobb, of whom I spoke of in my last communication, after having preached a number of very persistent sermons left here for Barnesville.

Mr. Sherman Adams, of Goodland, gave us a visit last Wednesday. He informs us that Mrs. Nelson Adams is teaching the Goodland school, not M. Eaton's I stated in last week's communication. Mr. A. is an intelligent, observing young man whose genial smiles are welcomed.

Jas. W. Wood, Esq., who has been residing in Montana Territory for about 8 years, has returned home, and will locate on Big Brushy. Mr. W. reports that business of nearly all kinds is unusually dull in M. T.

Mr. and Mrs. M. Eaton, of Goodland, are the happiest of happy—it's a girl.

Mr. H. Shy, P. M., went to Lesterville last Monday.

Col. Stevens, Centerville, gave us a visit one day last week. As a collector, Mr. S. stands second to none.

Mr. F. F. Gallier, Black P. O., is the boss horse-trader. Mr. G. has traded 5 times in the past two weeks.

Robt. Hawkins and Charles Carty went to Ironton Tuesday last.

Messrs. Gallaher and Harrison went to Lesterville to-day.

Sept. 26th, 1886.

## From Goodwater.

Ed. Register—Since my last we have been blessed with an abundance of rain. On the morning of the 18th inst., more rain fell here than had fallen here before in fifteen weeks.

Wheat-sowing is the chief employment of most of the farmers in this locality just now. Mr. Jasper Anderson is having a new house built, when completed, it will certainly be one of the neatest and most attractive structures in this section of country. Mr. Anderson deserves his prosperity, being an industrious, wide-awake farmer and he has gained many friends by his straight-forward, honorable dealings with all.

Last Sunday we were gladdened by the company of Mr. and Mrs. J. R. Adams and his son, Mr. Sherman Adams. We trust they will stay as long as they please.

The smiling intensity of Mr. James Wood, who has recently returned from Montana, was one of the noticeable features at church during the last week. Mr. Wood contemplates residing on his farm in Reynolds county ere long. Judging from his actions he has kept "bachelor's hall" until he yearns for a change; and is doing his utmost to expedite matters matrimonial, his success in said matters is assured and we wish him and his intended joy and prosperity in advance.

On Monday, 20th inst., a number of the citizens of this and adjoining neighborhoods met at Emman's church, according to previous arrangement, and cut the sprouts and bushes from over and around the graves in the cemetery adjoining the church-grounds. Ways and means for fencing the cemetery were discussed and it was decided to re-cover the church-building and to make such repairs as are needed to render said building comfortable to the congregation during the coming winter.

Potatoes are being dug and are better than was expected, owing to shortage of rain. Some parties informed us they would have 60 or 75 bu., but if it had rained the same ground would have made over 100 bu.

A Mr. Smith, who resided near here in the old Methodist church house, left last Saturday night about midnight for parts unknown. He having got into trouble with Mr. Johnson, of Imboden Fork of Black river, concerning some corn, he attempted to shoot Johnson, so he was told by some one here, but had better migrate to Illinois, or some other seaport, and be did so.

Wm. Fabland has gone to Ottrey fork of Black river with his cane mill.

By request of the board of directors and others your correspondent will have vacation for two weeks on account of so much sick-

ness in the district. We have taught five weeks and are having success, as we have a nice, pleasant school to teach and small numbers. We anticipate a pleasant term. X.

## From Belgrade.

Ed. Register—My long silence has been occasioned by a short but severe attack of bilious fever; but by the skill of Dr. Eaton and the good nursing of friends I am restored to my usual health.

The mill men have been thanking the Lord every time it would thunder, thinking that it would rain, but the 17th inst. it rained and one of them said, "I'll have to let up thanking the Lord now for I believe the rain will wash my mill away."

Mr. Boden, of Calcedonia, is going to put up a saw-mill on Brock River, near the mouth of Brock's creek. We say, come on, for competition is the life of trade.

Mr. Collins has lately opened a blacksmith shop in Belgrade.

John Hutchings, Sr., is going to build him a residence this fall, here.

Mr. Henderson and wife, of Belgrade, visited her brother, Rev. Zeno Adams, one day last week, and brought a specimen of his apples which were the finest I've seen this year.

Miss Nannie Brown, of Ironton, is visiting her uncle on Brock's creek.

Messrs. Geo. Midgely and Jno. Anderson are on the sick list this week.

Miss Ida Hardy opened the Horton public school last Tuesday; they have built a new school house and will need two new teachers to run their school.

Don emf, Quaker, as you do not like the spirit of "scolding" maybe aunt (step) would suit you better. Be careful how you whip that black-eyed girl in your school again, or you might get yourself into trouble. More anon. SMART ALEX.

From Hogan.

Ed. Register—We notice in your issue of the 23d that the Des Are base ball club claims that we, the Hogan club, refused to play them last Saturday, the 18th, thereby acknowledging their superiority. We wish to state that this statement is entirely false. We, the Hogan club, asked them to postpone the game until the 25th, on account of our captain being subpoenaed as a witness in a law suit in Jefferson county, Mo., that day.

Also on account of our catcher being sick and unable to play, and as the above excuse is a genuine one, we do not feel willing for the people to believe their statement made in your issue of the 23d, and we hereby challenge them to cross bats with us on the Hogan grounds Saturday, the 1st day of October, or any future Saturday that suits them. We are more than willing to meet them in a second contest. We allowed them to blow about what they called "their victory" of the 11th, and said nothing, thinking they would be as good as their word and play us a return game. And we were confident that the score of the game when played would prove to the people which was the superior club. If the particulars of the game played at Des Are were published we know that the Des Are boys would be sorry they ever mentioned anything about the game, but we will let it go and only say, boys, come on next Saturday and we will play you a square game and not stop playing when you are at the bat because we find you are going to come out victorious.

Respectfully signed, H. R. B. B. C.

Card of Thanks.

FARMINGTON, VT., September 20, 1886.

To the Editor of the IRON COUNTY REGISTER:

The sisters, relatives, and friends of the late Owen Mark Jones beg the privilege of your columns, as a medium to return their thanks to the citizens for the many kind acts and the sympathy shown us at the accidental death and burial of our lamented brother and friend, and the only reciprocity we can offer is that we will endeavor, to the best of our ability, to befriend such strangers as may command our help. Respectfully,

SISTERS AND FRIENDS.

Personal.

Henry R. Moor, late Co. "E" 3d Reg't Cav. M. S. M.; John Moore, J. A. Atkins, A. Sloan, Wm. Smith, Wm. Null, and Wm. C. Bird, are requested to send their address to the undersigned at Ironton, Iron county, Missouri.

BERNARD ZWART.

A Terrible Fall!

Aug. Winkler, the Jeweler, has taken a terrible fall in the Jewelry Line. We will give you a few items, but remember this day of prices will only last about ten days:

Accordions for \$2, \$3, \$4, \$5, \$6, \$7, \$8, \$9, \$10, \$11, \$12, \$13, \$14, \$15, \$16, \$17, \$18, \$19, \$20, \$21, \$22, \$23, \$24, \$25, \$26, \$27, \$28, \$29, \$30, \$31, \$32, \$33, \$34, \$35, \$36, \$37, \$38, \$3
